

## NEWSLETTER 3 -

*OneDegree Comes to an End!* 🌍

Dear readers,

We are delighted to announce the conclusion of the *OneDegree* project, a collaborative and innovative journey that has brought together international partners committed to creating accessible educational tools to raise awareness about climate change. After months of work, exchanges, and testing, we are proud to share the **final results** and express our gratitude to everyone who contributed to the success of this initiative.

🌍 **A PROJECT FOR THE CLIMATE, A PROJECT FOR EVERYONE**

The *OneDegree* project was designed to make the topic of climate change understandable and accessible to all, with a particular focus on **people with low education levels, refugees, and migrants**. We have worked to provide educational resources in **simple language** and in diverse formats to ensure that our message is clear and accessible to a broad audience.

## NEWSLETTER 3 -

Thanks to the joint efforts of the partners, the project has produced **five key results**, now available for free on the [One Degree Questions Portal](#) and via our **mobile app**.

### **FINAL PROJECT RESULTS**

 **Educational Kit** – A set of structured educational materials in a question-and-answer format, designed to explain climate change in a simple and clear way. It includes interactive content, practical examples, and tips for reducing one’s ecological footprint.

 **E-Learning Course for Teachers** – An online training course for educators and trainers, offering tools and methodologies to teach climate change effectively to an adult audience with low education levels.

 **OneDegree Handbook** – A detailed manual that delves into major environmental topics and provides concrete examples of how to adopt a more sustainable lifestyle.

 **One Degree Questions Portal** – An interactive web platform that brings together all project materials, including podcasts and educational videos, accessible for free without registration.

 **OneDegree Mobile App** – An Android application that allows users to access project content anytime, supporting mobility and ensuring maximum accessibility.

### **WHAT'S NEXT?**

Although the project has officially concluded, **its results will remain available online at least until 2028**, allowing anyone to access the materials for educational and awareness purposes. We invite you to visit our portal and download the app to explore all the developed resources.

 **Explore the platform:** <https://onedegreeplatform.com/>

 **Download the OneDegree app on Google Play**

## NEWSLETTER 3 -

We extend our heartfelt thanks to all the partners, participants, educators, and stakeholders who supported the project and contributed to its success. Climate change is a global challenge, but with knowledge and awareness, we can all make a difference.

 A small action, a big impact. How important is one extra degree? Find out with OneDegree!

Thank you for being part of this journey! 

The *OneDegree* Team
